Come learn about the Emerald Ash Borer, it's threat to local trees, and effects on what we can move and do in the county. Learn how to identify the insects, detect when they're damaging a tree, and what to do about it. Homeowners, landowners, and concerned citizens are invited to attend this informational event.

There is no cost to attend, but we ask that you RSVP with the Extension Office to ensure we have sufficient refreshments. Please contact Margaret at (785) 985-3623 or mchamas@ksu.edu.

This program is sponsored and put on by the Kansas Department of Agriculture, K-State Research and Extension in Doniphan County, and the Kansas Forest Service.
